

AOUDOU NJINGOUO MOUNCHINGAM

Department of sociology | University of Quebec at Montréal

+1 (438) 920-2481 | njingouo_mouchingam.aoudou@courrier.uqam.ca | Canadian permanent resident

Research Profile

Quantitative sociologist and demographer specializing in social epidemiology, with expertise in gender norms, health inequalities, causal inference, survival analysis, and machine learning applied to population health.

Education

PhD in Sociology University du Quebec at Montreal (UQAM), Canada <i>Thesis : Inequalities, gender norms and under-five mortality in Cameroon : Cross contribution of conventional statistical models and machine learning models. Supervisor : Visseho Adjivanou</i>	2021–2026 (expected Fall 2026)
Master's Degree in Data Science HEC Montreal, Canada	2025–2026 (expected in Fall 2026)
Master's Degree in Statistics Applied to social sciences Aix Marseille University, France	2020–2021
Master's Degree in Demography Institute of Training and Demography Research (IFORD), Cameroon	2018–2020

Research interest

- Social epidemiology and population health
- Social determinants of health and health inequalities
- Gender norms, violence against women
- Causal inference and quantitative methods
- Survival analysis and life course research
- Data Science applied to social science

Research experiences

Research assistant and coordinator — University of Montreal Supervisor : Diana Miconi	2023–2025
Research assistant — University of Quebec at Trois-Rivières Supervisor : Pablo Madriaza	2022-2024
Graduate Monitor, department of sociology — University of Quebec at Montreal	2022-2025

Teaching experiences

- **Quantitative and computational sociology (Postgraduate level)** — Teaching assistant, Summer school, Montreal (2023) et Ouagadougou (2025)
- **Quantitative Methods in Sociology (Undergraduate)** — Lecturer, University of Quebec at Montreal, Winter 2025
- **Quantitative Methods in Sociology (Undergraduate)** — Teaching assistant, University of Quebec at Montreal, Winter 2022, 2023, 2024
- **Advanced Quantitative Methods in Sociology (Graduate and Postgraduate)** — Teaching assistant, University of Quebec at Montreal, Fall 2023, 2024, 2025
- **Applied linear modeling and differential analysis (undergraduate)** — Teaching assistant, University of Quebec at Montreal, Fall 2022, Winter 2023

Others experiences

Consulting analyst Statistical Institute of Quebec	2024—at present
Demographer (Consulting) Department of Economic Development and Regional Planning, Cameroon	2021-2024
High school teacher Kagnol Middle School 1, Cameroon	2015-2018

Conferences and presentations

- 93rd Acfas Congress, University of Quebec in Trois-rivière, May 2026
- Conference on Quantitative Methods in the Humanities and Health Sciences, University of Montreal, July 2025
- Research team in mathematics applied to social sciences; Lecture in honor of Professor Nicolas Gabriel ANDJIGA, University of Yaounde 1, July 2025
- Conference "Demystifying Machine Learning for Social Science Researchers," Max Planck Institute for Demographic Research, German, November 2024
- Annual Conference of the Association des démographes du Québec, National Institute for Scientific Research, Montreal, 2024,2025
- Conference of the International Association of French-Speaking Demographers (AIDELF), Greece, May 2022

Reviewer for peer-reviewed journals

- BMC Public Health
- Quebec Journal of Demography

Scholarships and awards

- PhD scholarship, Fond de recherche du Québec-Société et culture (FRQSC), 2024–2026
- Research Fellowship (BMSP) (FRQSC), 2026
- Archimedes Excellence Scholarship in Mathematics and Computer Science, Archimedes Institute, 2020–2021
- Travel grant, International Association of French-speaking Demographers, Mai 2022
- Award of Excellence, IFORD-Yaounde, 2018–2020

Programming skills

R, Python, Stata, SPSS, LATEX

Languages

French (native), English (advanced)
